

Wilson County Board of Education

Policy Description:

Risk Management

Policy Number:

3.204

Amended Date:

06/04/07

Rescinds:

Exhibit

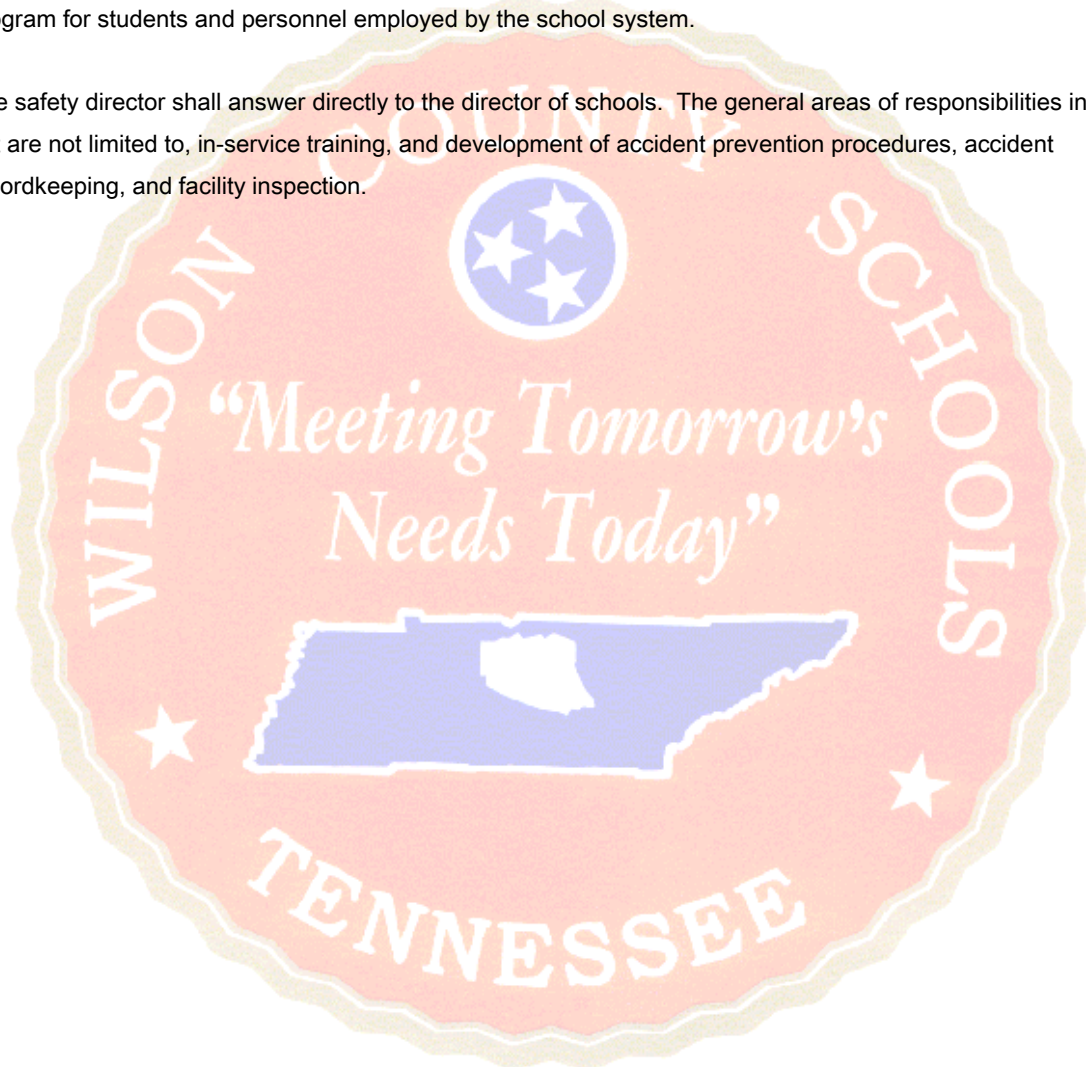

Issued:

08/25/94

1 It shall be the responsibility of the director of schools to develop an appropriate safety program for the school
2 system. The Board shall provide sufficient staff and budget for its implementation.

3
4 The safety director shall be responsible for the promotion and development of a prevention and safety education
5 program for students and personnel employed by the school system.

6
7 The safety director shall answer directly to the director of schools. The general areas of responsibilities include,
8 but are not limited to, in-service training, and development of accident prevention procedures, accident
9 recordkeeping, and facility inspection.
