1 School buses shall be maintained and operated in accordance with State law and State Board Rules and

6

7 The school transportation program shall be monitored daily by the principals.

8

9 All buses and other vehicles owned by the Board shall be given safety inspections by the assigned driver and the
10 Transportation Supervisor on a regular basis. The Transportation Supervisor shall develop and maintain a safety
11 inspection record which shall be filled out and signed by the individual who conducts the inspection. In addition,
12 all buses shall be available for regular State inspections. Any defects noted by either the regular local or State
13 inspection shall be remedied immediately.

14

15 All accidents involving buses or Board of Education vehicles, regardless of the damage involved, must be
