

Title II, Part D: Enhancing Education through Technology

Title II Part D, Enhancing Education Through Technology, is intended to 1) to increase access to technology, particularly in schools served by high-need local educational agencies, 2) to improve student academic achievement, 3) provide school teachers, principals, and administrators with the capacity to integrate technology effectively into curricula and instruction that are aligned with challenging State academic content and student academic achievement standards, 4) using technology to promote parent and family involvement in education, and 5) to support the rigorous evaluation of programs.

The primary goal of this part is to improve student academic achievement through the use of technology in elementary schools and secondary schools.
